Step 08 :- Consentually complete the facial bio-metric authentication by placing your face straight in the camera.

Tip:- For better facial bio-metric results, stand in a position wherein the light is directly on your face (front side). Avoid standing at a place where the light is behind you.

Step 09 :- After a successful facial bio-metric authentication, your UAN (Universal Account Number) will be generated, and a SMS will be sent to your registered mobile no. This is an auto-activated UAN, a temporary password for the UAN will also be sent to your registered Mobile No.
